**How to install trading platform
TenkoFX MT4 on Mac OS X**

MetaTrader4 is probably the most popular trading platform in the world. It provides you with complete flexibility to analyse market behaviour with wide range of technical analysis tools, execute trades, generate trading signals and program your own MQL-based automated trading algorithms.

How to install trading platform TenkoFX MT4 on Mac OS X

1. Run the downloaded file «**TenkoFX_MT4_ENG.dmg**».

2. Drag the «**TenkoFX MT4**» to the Applications folder.

3. After installation run «**TenkoFX MT4**» from your Applications.

4. Enter **Login** and **Password** of your trading account and start to trade.
